

## WASTE MANAGEMENT AND REDUCTION POLICY

Emdad L.L.C will ensure proper waste management and reduction by understanding the needs concerned clients, customers and stakeholders and applicable legal requirements of waste management applicable within Emirate of Abu Dhabi and perform efficiently to meet these requirements.

- Each work site shall segregate the waste produced to help alleviate the waste reduction, reuse and recycling opportunities.
- Waste receptacle shall be color coded according to the waste classification and clearly marked with the type of waste for which it is intended.
- Where it is responsibility of Emdad L.L.C, competent service providers shall be employed to collect, transport and dispose wastes to designated sites.

All waste quantities shall be monitored categorically. To achieve the above, a reporting system will be formulated for all pertinent functions of our company, and these reports will be reviewed on regular basis for improvement analysis.

The responsibility for the application of this policy rests with each of us.
